
Global Environmental Health, Safety & Quality (EHSQ), Energy and Sustainability Policy

Orion is a leading supplier of premium carbon black, a widely used essential product.

- We put safety first as we keep our employees, contractors and communities healthy and safe.
- We are committed to delivering sustainable solutions for the planet and future generations.
- We protect the environment, comply with all regulations and are excellent stewards in energy management.
- We are dedicated to continuous improvement and exceeding customer expectations.
- We conduct our business based on the principles of Responsible Care®.
- We make trust and respect the foundation of all our relationships and value ideas for improvement from our stakeholders.
